

Hello -

I feel lucky to live in a state with so much abundance. Oregon is truly a bounteous state - from grapes to filberts to strawberries, and everything in between. Despite this, 1 in 5 kids struggles with hunger each year.

At Partners for a Hunger-Free Oregon, we are committed to upholding the right for everyone to live a hunger-free life, especially kids. Through our policy work, programs connecting kids and families to nutrition programs, and raising awareness of hunger, we create lasting change.

Last year, we helped connect tens of thousands of Oregonians to programs like SNAP (formerly food stamps), summer meals, and other programs ensuring Oregonians have enough to eat.

Our annual event, **the Hunger-Free Kids Luncheon**, brings together corporate and business leaders who are committed to ending hunger. It is an opportunity to hear about how we prevent child hunger, connect with other business leaders, and support hunger-free kids initiatives.

I am writing to invite you to support a Hunger-Free Oregon as a Luncheon sponsor. This sponsorship will benefit you through exposure to other business leaders and sponsors, as well as the general public. Sponsorship includes recognition on our website, tickets to the luncheon, and other marketing benefits.

Becoming a sponsor will help us prevent child hunger in Oregon - ensuring everyone has access to Oregon's bounty. Thank you for considering this request. Please feel free to call with any questions or comments.

In Partnership,
