

ROBOCALL SCRIPT

Dear [Name of School District] Families-

If your children normally get free or reduced price school meals through [name of school], you're eligible to get extra grocery money. It's a new benefit program called Pandemic-EBT (P-EBT).

For each month that [name of school] is closed and your family is income eligible, you will get \$5.70 per day for each of your students a K-12 school, school-based preschool, or school based Headstart that normally participate in the National School Lunch Program. AND you can still get "grab and go" meals from [name of school district]'s sites during the pandemic!

Immigration status does not matter for Pandemic EBT. Pandemic EBT will not count in a public charge test.

Many families will automatically get Pandemic EBT. You can learn more about eligibility or how to receive the benefit at oregonhunger.org/covid-19 or by calling 2-1-1.

If your family has never received free and reduced price school meals through [name of school district], you can fill out an application and can receive Pandemic EBT if you are determined to be eligible. To find out information on how to submit an application, you can call or email [contact information for school district].
