

Why Parents Should Fill Out the School Meals Family Income Form

What Do I Need to Do?

At the beginning of the school year, your child's school will send home a paper form called the "Oregon Confidential Household Application for Free and Reduced Price Meals." **Be sure to fill it out and make sure that your child returns it to their teacher.**

Why is Filling Out This Form Important?

The State of Oregon has dramatically increased its funding for school meals at public schools. This means that even if your children did not get free or reduced-price meals before COVID, they may now.

What is the form for?

The school uses this form to determine who is eligible for free meals based on family income.

If you did not receive a form, contact your child's school or complete it online in English or Spanish at:
