Students 18-49 who attend higher education at least half time may be eligible for SNAP-Supplemental Nutrition Assistance Program-by meeting income guidelines and additional criteria.

# NEW CRITERIA

Students need to let Oregon Department of Human Services (DHS) know what your intended job will be after completing your education. During your interview with a DHS worker, you will need to share the reason you are going to school that is related to a job you want after you complete your undergraduate education (four-year program or less). This means, if you meet this criteria, there are no work requirements.

## IF YOU DO NOT MEET THE NEW CRITERIA, THERE ARE OTHER WAYS TO QUALIFY:

- Be awarded work study
- Working an average of 20 hours a week
- Unable to work due to physical or physiological difficulties
